**DEPARTMENT OF ATTORNEY GENERAL**

222 Quaker Lane • Warwick, RI 02886

(401)822-6800

*Peter F. Kilmartin, Attorney General*

April 26, 2012

To Whom It May Concern:

It is with great pleasure that I write this letter of recommendation regarding the service of Kendra King with the Victim Services Unit at The Department of Attorney General's Office located in Kent County from January 16, 2012 - April 26, 2012. The Victim Services Unit plays a vital role in the lives of those that are impacted by violent crimes. Our job is to ensure that we as advocates, inform victims of their Bill of Rights in pursuant RI General Law §12-28-3. Our unit is critical to the department as we maintain communication with victims of violent crimes and refer them to necessary counseling or any other services pertinent to preparation for trial. Advocates and interns are expected to respond professionally, expediently, and thoroughly to any issues that may arise. Kendra engaged in several specialized assignments for our office, all of which required immediate adaptation to complicated principles. She has demonstrated the ability to adapt quickly and efficiently to an array of requirements under time constraints and professional pressures. I hold absolutely no reservations recommending Kendra King for any professional endeavor.

While serving with this Department, Kendra demonstrated an understanding of computer applications and excellent communicative skills that made her an extremely productive and effective worker who required minimal training. Though our duties demand constant communication with victims of violent crimes, Kendra displayed her abilities with great diligence and precision which require a high degree of competence from anyone who is assigned to our unit. Kendra attended to all assigned tasks with the highest levels of professionalism and attention to detail. All of this enabled her to interface with the Rhode Island Criminal Justice System in a manner that will be very valuable to her in her career.

I am pleased to express that Kendra King will be a vital talent and valuable asset to any organization in which she chooses to pursue as her career. If you have any questions, please do not hesitate to contact me at (401) 822-6804.

Cynthia Limoges  
Victim Services Advocate
